Here is To Eternal Happiness!

Love can bridge two worlds with ease and joy! In several of my readings there was so much love that I had tears in my eyes and was quite emotional. As love is a powerful emotion and the highest vibration, I had to stay focused on the messages and had to ask the loved one in the spirit world to ease up a bit. There is such a thing as too much love, believe it or not!

Without love, a connection to the other side would not be a joyous one. As a Medium I have to be mindful of the way I feel and think. For example, if I am depressed, angry or tired etc., I cannot raise my energy enough to work for Spirit or the person on this side (Sitter) effectively.

What is love? Is it that feeling that makes you all squishy inside and your heart seems to skip a beat? You see the glass half full and everything around you looks beautiful? Love shows itself in affection, tenderness, admiration, devotion, fondness, passion, and all the good there is!

Love comes in many different types, for example the four you see listed below:

- Eros: erotic, passionate love
- Philia: love of friends and equals
- Storge: family love
- Agape: love of mankind

God's love is unconditional which is the highest and most beautiful. While we are living on this planet the closest to experiencing unconditional love is when we can let our guard down and trust someone completely without condition or asking for anything in return. You can be yourself without being judged!

Below is a beautiful song for your enjoyment called "**Love Never Ends**" by Ronald Salazar: <https://www.youtube.com/watch?v=c08Q6YUrx-Y>

Choose to have **Love** in your life every day! It starts with **You!** I do!
